

## Children Presenting Possible Solutions to Community and Children's Problems

1. The boy who stands alone is saying that the solution should come from me. It is me who should try to solve my problem
2. The other people show that if united, then we can solve our problem.

1. The pictures with a question mark are meant to show why we don't use them when they are not in use, in weekends and vacation times.
2. The library is only with few books. Please fill them with books and construct additional rooms.
3. The chat vending and chewing house is marked X and is advised to be changed into a productive house.
4. The man who is smoking is marked X and with a danger sign.
5. A picture of a lady is labeled as 1<sup>st</sup> meaning priority to women.

1. A lady is bringing three kids from rural villages promising them to educate them, but it is a false promise.
2. Rather, she is forcing them to be housemaids and exploit them with hard labor.
3. Boys are snatching (pickpockets). The police will chase them if the community could testify.
4. Education is the solution for our problem
